# **Health Connections**

# Service to Elk Valley, Columbia Valley, Creston and Kimberley

Health Connections is a transit service providing communities with accessible transportation options to access non-emergency medical appointments. Although medical appointments have priority, everyone is eligible to use this service if space is available.

Service is available to any community along the route. You must phone 24 hours ahead to arrange your trip. Transit staff will let you know the location and time of pick up.

When scheduling medical appointments, let them know you will be using Health Connections.

Pick up a Health Connections flyer at any health facility, on board the bus, visit www.bctransit.com or phone:

## **Riding the Bus**

# **Priority Seating**

Although BC Transit serves everyone on a first-to-board basis, priority seating is considered to be the front accessible area of the bus. Priority seating meets the needs of all transit customers, and is especially vital to:

- customers who use scooters, wheelchairs, pediatric strollers or other mobility aids,
- customers with a disability or mobility issue, and
- customers with baby strollers.

Please be courteous and offer your seat.

# **Pass Programs**

### **Post-Secondary Students**

U-PASS gives all COTR students unlimited access on all Cranbrook Transit routes. The semester fee is mandatory for all full-time students. For more information, students should consult their student society office or visit www.cotr.bc.ca/sa

### Government of BC Bus Pass Program

The BC Bus Pass Program is offered by the Ministry of Social Development and Social Innovation. The annual bus pass is valid for the eligible rider on any fixed-route transit service. The pass is non-transferable.

For information on criteria for eligibility, visit www.buspass.gov.bc.ca or call 1.866.866.0800.

#### **Student Semester Pass**

This pass is available to Mount Baker High School students only, with valid student I.D. A Semester Pass is for a four month period: September-December, January-April, or May-August.

Student may be asked to show I.D. when boarding.

## **Baby Strollers**

As a parent or guardian you must hold on to the stroller at all times. Position the stroller with the brakes set. Keep your stroller clear of the aisles. The aisle is the width of the distance between the normal seats, not the width of the accessible area.

Strollers should be collapsible. When wheelchair positions are occupied or required by another passenger using a wheelchair or scooter, you may fold the stroller and move to another available seat, storing the stroller between the seats.

## **Bike Racks**

Most bikes can be accommodated on BC Transit buses when their wheels fit properly in the bike rack. If you are considering travelling by bike and transit, instructions are posted on the bike racks.

Before your bus arrives, make sure that saddlebags, antennas, helmets, child carriers or any other item that could interfere with the driver's vision are removed from the bike. Electric bikes are only allowed on the bike rack when they weigh less than 25kg (55 lbs.), and the battery (lithium only) is removed from the bike and brought on board the bus with the customer.

Bike racks on community buses can only be used during daylight hours. Bikes block the headlights at night. Visit *Rider Info* at www.bctransit.com for an instructional video.

# Accessible Transit

All buses for the fixed-route service have low-floor buses. Low-floor buses have no entry steps and are equipped with a ramp. A 'kneeling' feature further lowers the entry level for passengers who have mobility difficulties. Call 250·417·3178 to arrange a demonstration of the bus.

## **Attendants**

Customers using wheelchairs or scooters, registered handyDART customers or CNIB passholders may travel with an attendant. Please let your transit driver know if the person travelling with you is your attendant. Attendants travel free and must board and exit at the same stop as the customer requiring assistance and help to load and secure mobility aids on the bus. Your driver will need to ensure that the securements are properly fastened.

# Request-a-Stop

After dark, customers who feel that their personal safety is at risk can ask their driver to stop between regular bus stops. Ask your transit driver at least one bus stop ahead of where you wish to get off. You will be let off at a safe location closest to your request.

## Be Safe, Be Seen

It can be difficult for transit drivers to see you at bus stops, especially along unlit roads. Wear light-coloured clothing, wear a reflective strip or use a flashlight or the light from your mobile phone to signal the driver that you are at the stop.

## The Bus is a Safe Place

Transit drivers can contact local police, ambulance and other emergency services. Transit drivers are also trained to assist a child or adult in need. Tell the driver if you are concerned about your safety.
